

Financial Viability Checks

Is your selected tenderer financially viable?

Financial viability and capacity are amongst the most critical procurement risk factors to consider when making a decision to award a contract.

A financial viability assessment report can provide you with a high level of assurance that your selected contractor has the capacity to deliver your project – with minimal risk of insolvency or financial distress.

A Kingsway Financial Assessment can give you peace of mind when making important procurement decisions in the government and/or private sector.

- ✓ Financial assessment reports
- ✓ Risk mitigation advice
- ✓ Credit rating reports*
- ✓ ASIC company searches
- ✓ Credit default checks

Prevent disruptions and project delays by obtaining financial assessment reports on contractors tendering for your projects

A wide range of reports for all levels of risk

Credit Rating Reports*

Comprehensive, forward looking Credit Rating Reports can provide you with a high level of assurance and confidence in your selected tenderer for major projects. Veda Corporate Ratings is licensed and regulated by the Federal Government to ensure quality and integrity.

Assessment Reports for Government Agencies

Kingsway provides customised reports to Government Departments throughout Australia. Kingsway currently services government agencies under contract and through supplier prequalification schemes in NSW, VIC, ACT, QLD, SA and WA.

Tender Assessment and Prequalification Reports

Kingsway's flagship reports are widely used for prequalifying tenderers and assessing their capacity to undertake specific projects. Reports include an objective rating and Corporate Analyst Executive Summary, highlighting areas of concern as well as risk mitigation measures.

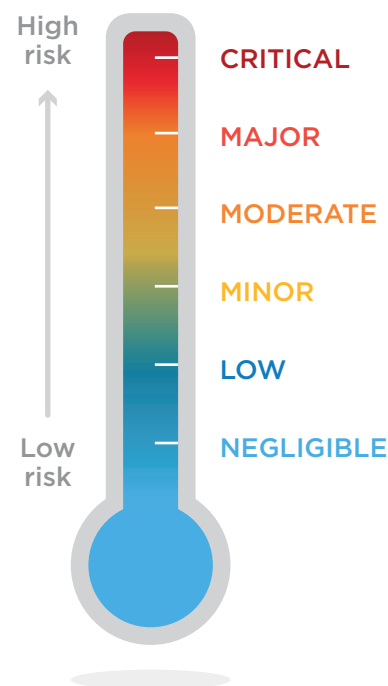

Express Checks for Procurement

For evaluating large numbers of contractors tendering for minor works, instant on-line Express Checks can provide you with an insight into the company's bona fides, directors, related entities, defaults and payment data.

Company Monitoring and Alerts

Automated monitoring and notification of changes to a company's ASIC records or credit status keeps you well informed. Try our email alert service on selected contractors or on your entire supplier base. It's a fast and low cost early warning system.

About us

Kingsway is an independent and reliable assessor providing financial assessment and risk management services to Australian government agencies and corporates since 2001.

Our team of highly experienced and qualified Corporate Analysts undertake financial checks on your behalf, analysing both current and historical financial data including the latest management accounts.

Kingsway's reports are clear, concise and easy to read and highlight important risk items to be brought to your attention.

Kingsway is part of the Veda Group – Australia's largest credit reporting company.
